

Five Minutes More Viewer Feedback September 2006
- Following its premiere on ABC TV 23 August 2006

“Thank you very much for the new show '5 mins more' - my son loves it...I am so impressed with the show even though I am deaf and can't understand due to no subtitles - it impresses me in lots of ways - the pictures and colours and all are fantastic! I have to ask - where can I get a quilt exactly like the one on the bed - am a fan of quilts and make them with my mum...would love to have one in my home. Thank you very much!” *Sarah*

“I think the show is really good!” *Nash*

“We love five minutes more! Gorgeous characters and lovely stories.” *Angus*

“Just watched an episode of 'Five Minutes More' with my 5 year old daughter. What a wonderful antidote to all of the frenetic noisy stuff that's on. I think I read a preview which suggested it would be too young for her, but I think we underestimate the power of good storytelling, and we often want our kids to grow up and become 'savvy' too quickly. Loved the way the toys commented and discussed the story as it went on, speculating about meanings and outcomes - just like we do when we read to a child. Congratulations, looking forward to another 60 episodes!” *Jane*

“Hi, my name is Hayden...and you are my best friends and you have the best show!”

“My name is Tara and I am in year one. I would like to ask if the show Five Minutes More could please be on TV at the weekends Saturday and Sunday. Thank you.” *Tara*

“I love Faraway.” *Madelyn*

“I was just wondering if there was any way I could purchase a pattern for the quilt used in the program. It is very beautiful.” *Vanessa*

“Yesterday two of my grandchildren, Serena 8 yrs and Lachlan 17mths spent over an hour playing on this site. It was amazing to see how two little ones, with years between them, could both have so much fun at their fingertips. Serena loved being able to move through the activities and enjoyed showing her cousin what it was all about! The show itself is just delightful and really keeps the magic of story telling alive. Thank you from my grandchildren and me!” *Genelle*

“Hey, my name is Maddie.... and your stories are very good...I enjoy listening to mum read them. And I do also like reading them myself. I think u have done very good with your stories. I can remember the 5 minutes more song. I like it. OK I have to go but I am thanking you for taking the time to read my letter to you. OK thank-you. From Maddie”
